

CLASS[®] 1-on-1 Video Coaching (MTP[™])

In CLASS 1-on-1 Video Coaching, Teachstone CLASS specialists prepare your coaches to leverage video footage as a means for providing practice-based feedback to their teachers. Participants in this program gain the competencies needed to support teachers in developing a critical eye for identifying and expanding CLASS interactions with children—building upon what’s working well and boosting the effectiveness of the interactions they provide.

Who Uses CLASS 1-on-1 Video Coaching?

This program is designed for organizations that:

- Have an existing coaching structure or that are intending to develop one for supporting teacher growth
- Want to provide practice-based, individual coaching experiences for teachers

Why Should My Coaches Attend CLASS 1-on-1 Video Coaching?

Research shows that through this intensive 1-on-1 coaching program:

- Teachers improve the effectiveness of their interactions with children and report higher levels of job satisfaction and motivation
- Children in 1-on-1 Video coaching classrooms show greater gains in early literacy and language development and lower levels of problem behavior.

What’s Included in CLASS 1-on-1 Video Coaching?

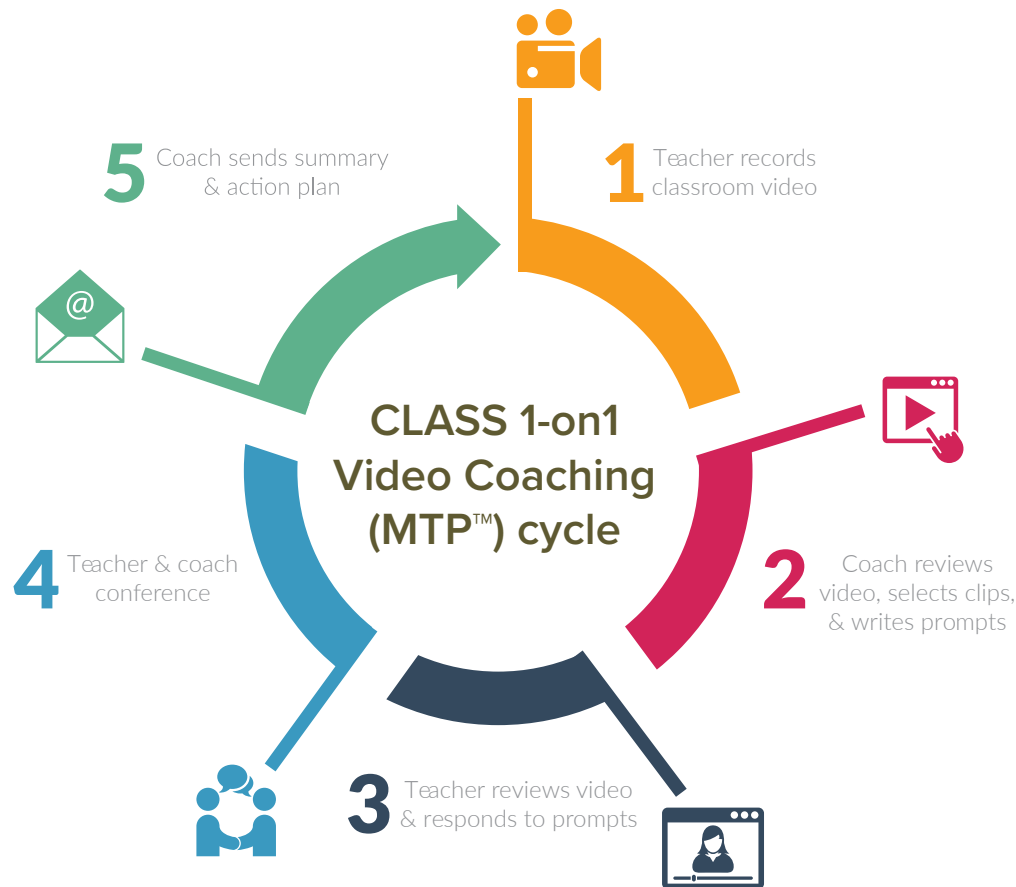

Teachstone provides:

- Initial 3-day face to face 1-on-1 Video Coaching Training
- 10 months of 1-on-1 Video Coach Group Support, including monthly 1-hour group support calls (e.g., webinars, topic discussions, case studies) and monthly group support via myTeachstone resources and discussions
- 10 months of 1-on-1 Video Coaching individual support for coach(es), including monthly calls with a Teachstone CLASS Specialist and monthly individualized myTeachstone support
- Access to the myTeachstone Video Platform and app for uploading and sharing video between teachers and coaches

How Does CLASS 1-on-1 Video Coaching Work?

Using video from teachers' classrooms and the CLASS framework, trained coaches provide individualized, targeted feedback and support through structured cycles:

What Can My Teachers & Coaches Expect?

- Teachers participating in CLASS 1-on-1 Video coaching spend two hours every two weeks engaging in ongoing coaching cycles during the program
- During each two-week cycle, CLASS 1-on-1 Video coaches spend four to five hours on related activities per teacher
- Teachers and coaches need access to computers with high-speed Internet, quiet space for conferences, and any technical support that may be required
- CLASS Specialists provide ongoing monthly support for coaches

Additional requirements for CLASS 1-on-1 Video Coaching:

- All training participants must be Certified CLASS Observers on the age level they are coaching
- Program implementation requires purchase of teacher specific program materials
- Technical Requirements: Teachers will need an Apple Device to record and upload classroom video via our free myTeachstone app. Devices can be purchased from Teachstone
