

# Coaching with myTeachstone®

Coaching with myTeachstone is a two-day training that teaches participants how to maximize their coaching practice and drive impact with the tools and resources provided by the myTeachstone Platform. Participants will learn how to leverage the platform to address common coaching challenges.

## Who uses Coaching with myTeachstone?

- Organizations seeking to build foundational CLASS knowledge throughout their teacher population
- Organizations with an existing coaching structure or intending to develop one to support teacher growth
- Organizations looking to deliver teacher professional development online
- Organizations looking to leverage online professional development to supplement face to face (individual or group) delivery

## Why attend Coaching with my Teachstone?

Coaching with myTeachstone will teach coaches how to effectively use the myTeachstone Platform tools and features to drive impact and support teacher growth.

Specifically, coaches will gain experience on how to:

- Gather teacher data and use it to individualize professional development for teachers
- Recommend resources directly to individual teachers or teacher groups
- Facilitate online discussions for teacher groups
- Enter informal observations directly into the platform

Over this two-day training, participants will work on individualizing teacher support (Day 1) and facilitating teacher groups (Day 2).

## What age levels are available for Coaching with myTeachstone?

Teachstone®

## What's included in Coaching with myTeachstone?

Teachstone provides all the materials needed for the training and all participants will receive:
