

A CLASS Primer for Teachers

A CLASS Primer for Teachers provides a basic understanding of the CLASS methodology to teachers who will be observed during the school year and a view into what to do next after they are observed. It enables readiness for teachers who will receive CLASS-based professional development and prepares them to learn more about the use of CLASS in their work.

Who uses A CLASS Primer for Teachers?

- Teachers who will be observed using the CLASS tool
- Teachers who will be participating in CLASS Professional Development
- Teachers who want to learn more about the CLASS tool

Why attend A CLASS Primer for Teachers?

By attending this training, teachers will:

- Obtain a basic level of understanding about CLASS, discover why it is important, and how it can benefit them
- Prepare themselves to begin their CLASS journey
- Engage with teacher professional development
- Acquire the tools and skills they need to begin improving their interactions with students

What age levels are available for A CLASS Primer for Teachers?

This training is designed for teachers working with children from birth to five years old and addresses developmentally appropriate practice. The training is the same regardless of age level and is appropriate for teachers at the following age levels:

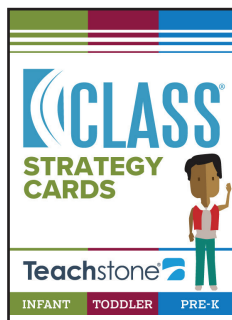

Teachstone®

Can I get CEUs?

- Participants receive 0.7 CEUs

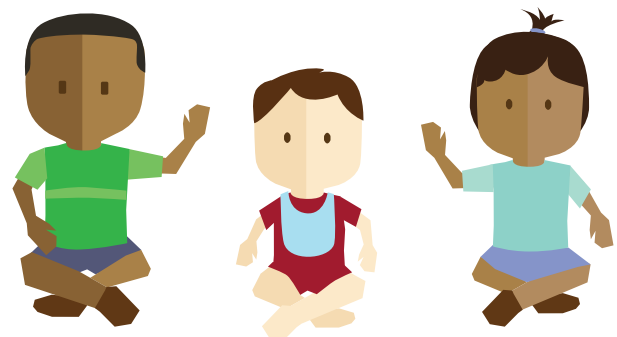

What are teachers saying

"This helped me re-establish feeling connected with others who are involved in the care of children and finding we share similar concerns."

"...Interesting way to frame CLASS dimensions across children's need for connection, for organized settings, for challenge."

"...The training was useful in giving language to discuss classroom interactions. I really like the flipbook resource..."
